4. Warning Sticker
5. Rear Camera
6. Cable Management Tool
7. Cable Clips
8. User Manual
9. Electrostatic Sticker

Camera Overview

1. Status Indicator
2. Function Button
3. Power Connector
4. Rear Camera Connector
5. MicroSD Card Slot

Installation

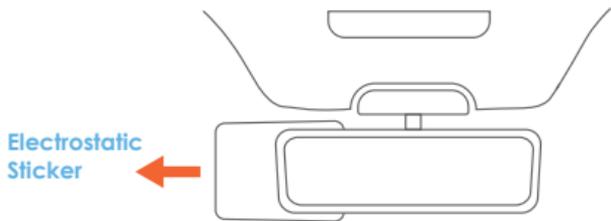

Step 1: Installing the Electrostatic Stickers

1.1 Prepare Your Windshield

Thoroughly cleanse your windshield with either water or alcohol. Follow this by wiping it dry using a clean, dry cloth to ensure a spotless surface.

1.2 Position the Sticker

Next, carefully peel off the protective film from the electrostatic sticker. Attach the sticker to the windshield, ideally behind the rear-view mirror. This position is recommended to avoid obstructing your view while you're on the road.

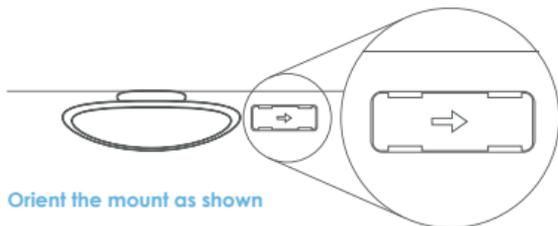

Step 2: Install the Dash Cam

Place the 3M adhesive on the mount plate and properly orient the mount piece to the roof and hood line of the vehicle.

Note:

Ensure the mount is oriented in the correct direction. Firmly press the mount onto the windshield.

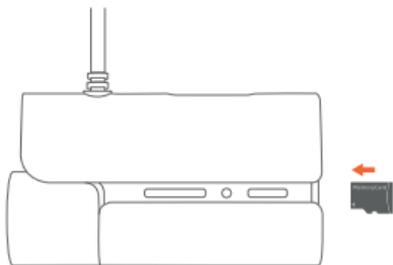

Orient the mount as shown

Step 3: Insert the Memory Card (Optional)

The Rexing PROC4G accepts [Class 10/ UHS-1 or higher] Micro SD memory cards up to 128GB. You will need to insert a memory card **before you can begin recording. Before inserting or removing a memory card, first ensure you've powered down the device.**

Gently push the memory card in until you hear a click, and allow the spring release to push the card out.

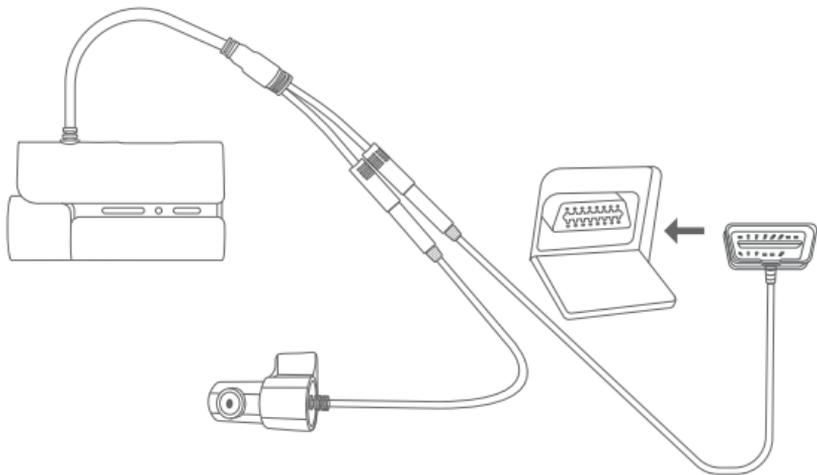

Step 4: Power the Camera and Format the Memory Card

Power the camera by connecting the OBD Car Charger to the car OBD Port (Usually Under the dashboard) lighter and the camera

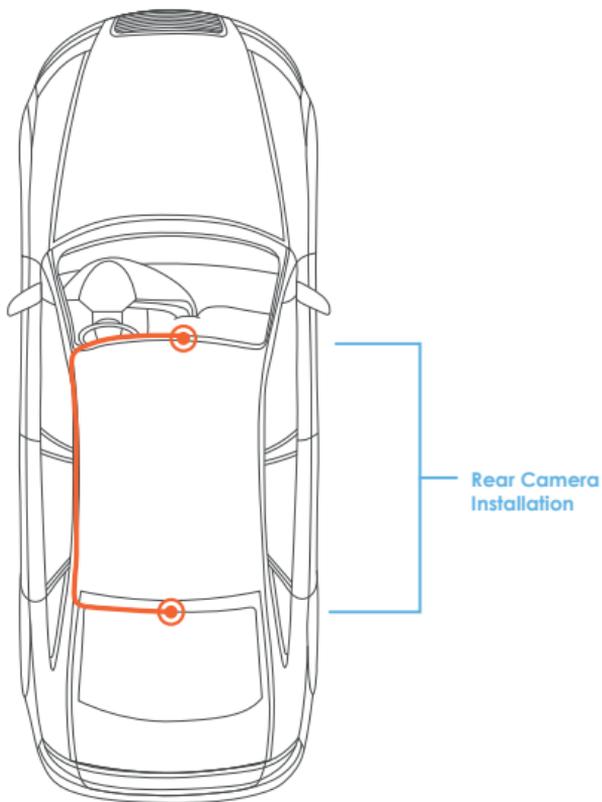

To ensure the PROC4G records to your memory card properly and without error. **Before you start using a new memory card, You can format the SD card directly using the app.** Always backup important data stored on the memory card before formatting.

To format the memory card, make sure you have inserted your memory card, **then turn on the device by connecting to a power source.** If you hear the "SD card needs formatting" voice prompt, press the Function Button once to confirm. If the memory card is functioning properly, you will hear the "Start recording" voice prompt.

Step 5: Mount the Rear Camera

Mount the rear cameras as shown below.

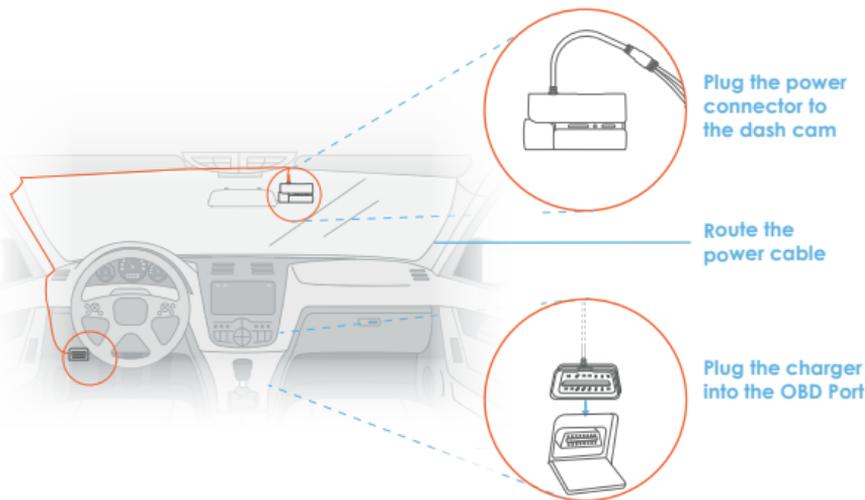

Step 6: Installing the Camera onto the Windshield

Place the camera on the mount and carefully route the power cable around the windscreen and tuck in under the trim.

Plug the OBD Car Charger Cable into OBD Port.

Connect car charger to the camera. The camera will auto-start recording once powered on.

OnaGo App

Easily download the app by scanning the QR code below or search via the App Store or Google Play.

Basic Operation

Status Indicator:

Solid Green: Recording

Predicting 4G Data Usage

Using 1GB of data as an example:

Connecting to Wi-Fi

Ensure the vehicle's ignition is on.

• In HD Mode

- **Bitrate:** 1.24–2.48 Mbps
- **Continuous live streaming:** Minimum 54 minutes, typically up to 110 minutes

• In SD Mode (Default)

- **Bitrate:** 0.72–1.45 Mbps
- **Continuous live streaming:** Minimum 93 minutes, typically up to 190 minutes

In Parking Mode

• Front Camera in HD Mode:

- **Bitrate:** 1.8 Mbps
- **Continuous live streaming:** Minimum 73 minutes, typically up to 155 minutes

• Rear Camera in HD Mode (Default)

- **Bitrate:** 1.5 Mbps
- **Continuous live streaming:** Minimum 89 minutes, typically up to 180 minutes

How to connect to Wi-Fi Function

When using the Wi-Fi function, 4G data is not consumed. Please note, however, that the Wi-Fi function does not support remote viewing.

1. WiFi will automatically turn on when the Dash Cam is powered on. Please check the SSID and password in the Wi-Fi menu.
2. Select the SSID names with Rexing-XXX and connect (the default password is 12345678) on your phone's WLAN settings.
3. Open onago app, connection is successful.

Warranty & Support

Warranty

The Rexing PROC4G Dash Cam comes with a limited 12-month warranty. If you register your product on our official site (<https://www.rexingusa.com/support/registration>), you can extend the limited warranty to 18 months.
